PRIVACY POLICY
OF
POLSKO-AMERYKAŃSKI SYSTEM MEDYCZNY – II SP. Z O.O.

A cookie is a small file made up of letters and numbers that is loaded onto a computer or other device (e.g. computer's hard drive, phone) when you visit a website. It allows you to be recognized and helps the website to remember your preferences (e.g. language you have chosen) so that you don't have to set your preferences every time you use a given website. Most websites use cookies.

The mechanism of Cookies on the **pasm.com.pl** website **is not used** to obtain any information about users of the service or to track them. Cookies used on the **pasm.com.pl** website do not store any personal data or other information collected from users.

How does this website use Cookie and how does it use the information collected?
Types of cookies used on the site:

Session-related cookies. Temporary cookies that exist only on your computer while you are on the website (and more specifically, until you close your browser). They allow shoppers to remember what customers have chosen on the previous page to avoid re-entering information. Information about website traffic. This type of cookie is used to provide important information about website traffic and how visitors use the website. Google Analytics tools are used to collect these data. These cookies are only used to collect statistics about website traffic.

Deleting cookies

By default, the software for browsing websites (e.g. Firefox, Internet Explorer) allows for placing "cookies" on the terminal device. The User may independently and at any time change the settings for cookies, specifying the conditions for their storage and access by cookies to the User's Device. The User may change the settings using the settings of his Internet browser. These settings may be changed in particular in order to block the automatic handling of cookies in the settings of your web browser or inform about the placement of Cookies on your device each time. Detailed information on the possibilities and manners of handling cookies are available in the software settings (web browser). Limiting the use of "cookies" may affect some of the functionalities available on the website.

Please note that cookies on our website do not collect personal data that would make it possible to identify the user by person.

How to turn off the cookies?

Each Internet user may adjust the level of cookie protection to their preferences, i.a. to completely block the possibility of leaving cookies on their hard drive. This increases the level of security and data protection but may also **prevent you from using some website features**, e.g. logging in to the site, remembering the shopping cart.

For information on the cookie settings of each web browser, see the list of pages below:

- for the Opera browser
- for the Firefox browser
- for the Google Chrome browser
- for the Internet Explorer browser
- for the Safari browser

If you use a mobile device (such as a phone, smartphone, tablet), please refer to the privacy options in the documentation on the website of your device manufacturer.
